CONFRONTING BARRIERS TO CONNECTION IN SELF HARM AND SUICIDE PREVENTION

TRENT CONFERENCE CENTRE, TRENT VINEYARD, NOTTINGHAM NG7 2PX
IN PERSON & ONLINE • WWW.HARMLESS.ORG.UK

Harmless is the national centre of excellence for self harm and suicide prevention.

We save lives by providing support, information, training, and consultancy to individuals who self harm, their friends, families, and professionals.

Our sister service, The Tomorrow Project, works to support individuals and communities to prevent suicide, and offers support to those bereaved by suicide. Our work is based upon promoting health and recovery, reducing isolation and distress, and increasing awareness and skill in intervention.

The services we provide will always remain free for those who need them, but raising the funds to support everyone who relies on us is an ongoing challenge. That's why we're offering an opportunity to sponsor our flagship annual conference. *From Harm to Hope* brings together global academics and frontline professionals to deliver practical, evidence-based solutions for implementation in real-world settings.

All ticket proceeds directly fund Harmless' frontline clinical services, ensuring professional learning supports community recovery.
