ABOUT HARMLESS

Harmless is the centre of excellence for self harm and suicide prevention. Every year, we support thousands of individuals who self harm, are experiencing a suicide crisis, or have been bereaved by suicide. Our approach is rooted in promoting health and recovery, reducing isolation and distress, and increasing awareness and intervention skills.

But we're also passionate about sharing what we know. We believe that everyone should feel confident talking about mental health and supporting those in distress. That's why we created our dedicated training department – The Academy at Harmless – to equip individuals to respond with confidence and compassion when it matters most.

The Academy delivers specialist training that builds the skills, confidence and understanding needed to effectively support people in crisis.

All income generated through our training is used to directly sustain and expand the free support services we offer.

Did you know?

1 in 6 people report experiencing a common mental health problem (like anxiety and depression) in any given week in England*

“Excellent training. Open, honest, interactive – and it incorporates real-life experiences to help understanding”

ABOUT OUR TRAINING

We're here to help you save lives and create meaningful change. Our training is interactive, inclusive and designed to make a real difference. You'll take part in discussions, case studies, activities, audio / visuals and – if you choose – role play, so your learning style is always supported.

You will learn from Training & Education Officers who are experts in suicide prevention and postvention, blending professional expertise with lived experience to give you practical, real-world insight. Grounded in a belief in recovery, our courses promote empathy and give you practical, evidence-based tools you can use immediately.

Our training is delivered either in-person or online via Zoom or MS Teams. We will guide you through presentations, discussions, quizzes and videos for an engaging, rewarding experience.

All our courses are CPD-accredited, research-informed and aligned with the National Suicide Prevention Strategy, NICE guidelines, and Health Education England's Competence Frameworks. After the course, participants receive supporting resources and a certificate.

Did you know?

Over the course of someone's lifetime 1 in 5 people have suicidal thoughts and 1 in 14 people self harm*

“ Really good training – it has heightened my understanding and I now feel more confident with the tools and information shared. Thank you so much ”
